PLACEMENT & INTERNSHIP POLICY

(2023-2027 Batch Onwards)

With

NEP Implementation-2020

Based on

Academic Regulation 2023 Onwards

DR B. R. AMBEDKAR

NATIONAL INSTITUTE OF TECHNOLOGY JALANDHAR

(An Institute of National Importance)

JALANDHAR- 144008, PUNJAB, INDIA

2026-2027

1. INTRODUCTION

The Government of India has taken significant initiatives to promote industrial internships in technical institutes. NEP-2020 includes four-to-eight-week and six-month internships as essential components, ensuring students are adequately prepared for the professional world. Various model internship guidelines have also been released, detailing procedures for establishing, managing, and facilitating internships in collaboration with industries and organizations.

Aligned with these national objectives, Dr. B. R. Ambedkar National Institute of Technology Jalandhar, considers industrial training and internships to be integral part of its engineering curriculum. As per the B.Tech Ordinances 2023, students are required to undertake internship of 3 to 4 weeks after the 4th semester and 4 to 6 weeks after the 6th semester, while a six-month industry internship is optionally allowed during the 7th or 8th semester. Additionally, M.Tech students are encouraged to pursue internships ranging from six months to one year to enhance their industrial exposure and research capabilities. This policy document outlines the institutional framework and guidelines for internships and placement applicable to both B.Tech and M.Tech students, whether undertaken within the institute, in collaboration with external organizations, or directly in industry.

The responsibility of securing a placement or internship through the CTP shall be a shared effort between the students, faculty and the CTP. Students may obtain internships either independently or through the CTP. They are encouraged to forward relevant contacts, including those from alumni or industry, to the CTP so that formal invitations may be extended. Faculty members may also assist in identifying internship opportunities through their academic or industry networks. In all cases, whether the internship is student-initiated or facilitated by faculty, it is mandatory to inform the CTP. Faculty coordinators provide necessary guidance and oversight throughout the internship process. Additionally, all internships must adhere to the terms and conditions specified in any Memoranda of MoUs signed with partner institutions.

2. PLACEMENT POLICY

2.1 Eligibility Criteria:

(a) Eligibility criteria is solely decided by the incoming organization and Institute will not have any say in matter.

(b) It is mandatory for all interested candidates to register for placements. Students who have not registered for placement will **NOT** be allowed to appear for on-campus placement process.

2.2 Placement offer rule (Applicable for UG and PG):

2.2.1 Participating companies may extend the following types of placement offers:

(a) 2/6 months Internship + Performance based Pre-Placement Offer (PPO)/Full Time Employment (FTE)

(b) Full Time Employment (FTE) only

2.2.2 Offers from IT companies with a CTC less than or equal to ₹4.5 lakhs per annum, and Offers from core companies with a CTC less than or equal to ₹3.5 lakhs per annum, such offers shall not be considered as a final placement under the policy i.e. uncountable offer.

2.2.3 The Institute follows **ONE STUDENT ONE JOB OFFER POLICY** ***(with exceptions clauses 2.3 and 2.4)***. Therefore, a student may avail at most one (01) job offer through the Institute.

2.2.4 The placement drive shall be conducted in two phases:

(i) Phase I: From June 2026 to 30 November 2026

(ii) Phase II: From 01 December 2026 onwards

2.2.5 In exceptional circumstances, if a student receives multiple placement offers within any phases, he/she shall be required to select only one offer based on his/her preference. The student must communicate the final decision to the CTP Office on the same day of receiving the offers and upload the final offer letter on the placement portal.

2.2.6 A student shall be considered ineligible for further participation in the placement process immediately upon securing the first placement offer, irrespective of any ongoing recruitment processes with other organizations. However, in cases where multiple companies are scheduled on the same day and are expected to declare results on that day, the student may be allowed to consider all such offers in accordance with Clause 2.2.5.

2.2.7 In any of the phases of the placement process, if a student is simultaneously participating in the recruitment processes of more than one company, the student shall be considered placed on the basis of the first offer declared by any of the participating companies. Consequently, the student shall become ineligible for further participation in the placement process and all such offers shall be governed in accordance with above Clauses.

2.2.8 If a waitlisted student receives a placement offer from another company and subsequently obtains a confirmed offer from the company that had previously waitlisted him/her, the student shall be permitted to choose between the two offers. The student must communicate the final decision to the CTP Office on the same day of receiving the offers, as per above Clauses, and upload the final offer letter on the placement portal.

2.2.9 In case a student receives an offer letter directly from a company, the same must be immediately intimated to the CTP Office on the same date and upload the offer letter to placement portal.

2.3 SECOND PLACEMENT OFFERS:

In General, the Institute follows **One Student One Job Offer** Policy . Additionally, the students may be permitted to participate in the selection process of one (01) Dream Company, or second offer only during the second phase of placement process.

2.3.1 Although usually, we do not give dream status to any company to ensure following our major policy, **One Student One Offer**, however, the institute would be giving **DREAM** Status to certain companies based on their profile that is being offered to students and ongoing placements. The eligibility of the company for "**DREAM STATUS**" lies solely in the hands of the CTP.

2.3.2 The 2nd offer policy shall be strictly applicable only during Phase II, commencing from 01 December 2026. Further, a student who has secured a placement offer in Phase I (from Company X) may be permitted to participate in the placement process of another company (Company Y) in Phase II, subject to the fulfillment of all the following conditions:

(i) The CTC offered by Company Y must be at least 1.5 times the CTC offered by Company X.

(ii) At least 70% of the registered students of the batch must have secured placement. This condition may be waived if none of the unplaced students meet the eligibility criteria specified by the company, or if the number of such students is deemed too small.

(iii) The student must have attended at least 80% of the workshops, seminars, or training events conducted by the CTP, NIT Jalandhar.

(iv) Students placed in Public Sector Undertakings (PSUs) shall be considered finally placed and immediately deregistered from the placement process, irrespective of phases or CTC. Such students shall not be eligible to participate in any further placement opportunities, including Dream companies.

(v) All the calculations are based only on the CTC package initially specified by the company. In case of any conflict, CTP's decision will be final.

2.4 Pre-Placement Offers (PPOs) Policy:

2.4.1 Any student receiving a PPO through an ON/OFF-campus activity must inform the same to the CTP Office on the same date by sending an email to ctp@nitj.ac.in and upload the final offer letter on the placement portal. Failure to do so may invite strict disciplinary and academic action.

2.4.2 A PPO routed through the CTP, once confirmed by the company shall be treated as a confirmed placement offer. However, a student who is expected to receive a confirmed PPO from Company X shall remain eligible to obtain **ONE-FTE** only if the CTC offered by the prospective Company Y is at least 1.5 times the CTC offered by Company X and all applicable CTP placement rules shall apply.

2.4.3 Once a student receives a placement offer from any company (other than through the PPO route, which shall be governed by the relevant clause), he/she shall be considered as "**PLACED**", irrespective of whether the offer is accepted or rejected by the student.

2.4.4 Any student found concealing information regarding a secured **PPO** (ON/OFF-campus) shall be debarred from the placement process. If the student has already secured employment, the concerned company may be informed about the violation. Such cases may also invite disciplinary, academic, administrative, and conduct-related action as per Institute rules. Further, issuance of **NOC** and **Relieving Letter** for joining the companies, **NO-DUES** (for final exit from institute), and other official clearances may be withheld or processed subject to approval by the competent authority.

2.5 Deferred Placement:

2.5.1 This policy is intended to encourage students of NIT Jalandhar to pursue entrepreneurial ventures. Therefore, if a student wishes to avail or is availing the services of the TBI, he may opt for deferred placement. Under this provision, the student may avail placement services within two years from the year of graduation. To avail this option, the students must approach by themselves and re-register with the CTP during the placement process period. Once approved, the student will be permitted to participate in the placement process.

2.5.2 In case a student is already availing TBI services and wishes to participate in the placement process, he must submit a certificate issued by TBI stating that the student is no longer "legally associated" with any startup. This certificate must be provided before registration for the placement cycle.

2.5.3 If a student availing TBI services wishes to accept a PPO, he must submit a certificate issued by TBI confirming that they are no longer "legally associated" with the startup. This certificate must be submitted before the PPO is formally rolled out.

2.6 Pool Campus:

2.6.1 Pool campus drives shall be organized based on requests from companies and subject to approval by the appropriate authority from time to time. No TA/DA will be provided to students for participating in pool campus drives. Students who register for a pool campus drive but fail to participate in the selection process will be debarred from further placement activities.

3. GUIDELINES FOR INTERNSHIP

3.1. 3-4 WEEKS SUMMER INTERNSHIP PROGRAMME (AFTER 4th Semester):

3.1.1. In accordance with the academic curriculum of B.Tech programs at Dr. B. R. Ambedkar National Institute of Technology Jalandhar, summer internships of 3 to 4 weeks are a compulsory component of 2-credits, after 4th semester.

3.1.2. Approved internship/training may be undertaken at:

(i) Reputed industries

(ii) Recognized research organizations

(iii) Educational institutions of national or international repute

(iv) The parent institute (in-house training), with prior approval from the department

3.1.3. Students must obtain prior departmental approval by submitting a formal request outlining their internship or training plan. For internships at the above-mentioned locations, students are required to obtain a **No Objection Certificate (NOC)** or **Letter of Recommendation (LOR)** from their respective department in the format prescribed in ***Annexure-1/the format prescribed by the company***.

3.1.4. Some students get internship opportunity through campus while the remaining students will have to arrange for this internship at their own level. A student is permitted to secure a maximum of one campus internship with stipend and one without stipend. Upon selection for a stipend-based internship through campus, the student becomes ineligible to participate in further internship recruitment processes through campus, irrespective of stipend status. However, if the initial selection is for a non-stipend internship, the student shall remain eligible to appear for subsequent campus drives offering stipend-based internships.

3.1.5. If a student is unable to secure an internship either on campus or off-campus, he/she may opt for a relevant online certification course, approved by the competent authority.

3.1.6. The IAC constituted by DUGC coordinated by departmental internship coordinator will oversee the allocation, supervision, and evaluation of internship (to be held in 5th Semester) ensuring their academic relevance. The evaluation will be based solely on the data communicated in a timely manner.

3.1.7. The final internship grade will be awarded on the basis of a weighted evaluation comprising three components in Annexure 5: Industry Guide Assessment (Proforma-1), Institute Mentor/supervisor Assessment (Proforma-2), and Internship Advisory Committee (IAC) Evaluation (Proforma-3). In case the industry supervisor declines to evaluate a student due to some constraints imposed by his/her organization, the faculty supervisor will be authorized to award the marks for industry component also in consultation with departmental IAC. Same is applicable for the online courses.

3.2. 4-6 WEEKS SUMMER INTERNSHIP PROGRAMME (AFTER 6th Semester):

3.2.1. In accordance with the academic curriculum of B.Tech programs at Dr. B. R. Ambedkar National Institute of Technology Jalandhar, summer internships of 4-6 weeks are a compulsory component of 3-credits, after 6th semester.

3.2.2. Students are encouraged to secure stipend-based internships after the 6th semester, as these opportunities provide valuable industry exposure along with financial support (stipend). However, in case they are unable to obtain such positions, they may pursue non-stipendiary internships in reputed industries. If neither of these options is available, students are permitted to undertake internships in recognized academic/research establishments, provided the internship aligns with their academic and professional goals and is approved by the Head through respective departmental IAC committee.

3.2.3. Approved internship/training may be undertaken at:

(i) Reputed industries

(ii) Recognized research organizations

(iii) Educational institutions of national or international repute

(iv) The parent institute (in-house training), with prior approval from the department

3.2.4. All other procedural modalities, disciplinary action rules and evaluation parameters shall remain same as outlined under the 3–4 Weeks Summer Internship Programme (after 4th Semester) guidelines.

3.3. 4-6 MONTHS INTERNSHIP:

3.3.1. From the 2023 batch onwards, students shall be permitted to undertake a 4-6 month internship during the 7th or 8th semester. The opportunity will be extended to a **maximum of 50%** of the class strength in a given semester. This student **with more than three active backlogs** shall be permitted on case to case basis with approval of CTP.

3.3.2. To facilitate this, the CTP will initiate the on-campus internship drive in the middle of the 6th semester. Students are encouraged to pursue internships in reputed industries to enhance their professional exposure and career opportunities. However, the research internships are recommended only for students inclined toward higher studies or research. Such internships are permitted at government research organizations (e.g., ISRO, DRDO), PSUs, or academic institutions of repute, including Indian institutes with a NIRF ranking within the top 100 or international universities with a QS ranking within the top 500.

3.3.3. Students undertaking a full-semester internship during the 7th/8th semester will be granted a course/project waiver of 13 credits as per institute norms. However, no student shall be allowed to apply for an off-campus internship through the respective department or CTP after the last date of the end-semester examination of the 6th or 7th semester, as applicable.

3.3.4. **Students who arrange a 6-month off-campus internship with a private company or industry must obtain prior approval from the Internship Advisory Committee (IAC) of their respective department.** The IAC is responsible for evaluating the internship proposal, including the Internship Notification Form submitted by the company, to ensure that the company profile and the intern's role align with the department's domain and the academic objectives of the internship. Approval will be granted only if the proposed internship meets these criteria.

3.3.5. Students getting any semester long intern off-campus offer shall inform CTP at ctp@nitj.ac.in or internships@nitj.ac.in within 24 hours of receipt of the offer letter or confirmation mail from the company, failing which student shall not be allowed to go for this internship at the later stage.

3.3.6. All students should apply for **a Relieving Certificate** through portal before proceeding for 4-6 months internships.

3.4. GENERAL GUIDELINES TO INDUSTRY/ORGANISATION:

3.4.1. Industry/organisation should allow the Internal supervisor to visit their onsite location for technical interactions w.r.t project execution atleast once/semester. The institute will be facilitating the visit logistics.

3.4.2. In case of PPO, all companies are expected to inform PPO with CTC always through the CTP.

3.4.3. At the end of the internship, the external supervisor needs to fill an evaluation form for each intern (Proforma-5). The information received through this form will be used in the students grading.

3.5. RULES FOR OFF CAMPUS FULL SEMESTER INTERNSHIP

3.5.1. Students interested in off-campus internship will be allowed, subject to the following conditions.

(a) The company must be minimum 3-years old.

(b) The company must have a minimum sale of Rs. 1 Crore during the last financial year.

(c) The company must pay a minimum stipend of Rs. 25000/- per month, if it is an IT/non-core company. The minimum stipend of the core companies has to be Rs. 10,000 per month. Moreover, the company concerned must be willing to pay this money in the saving bank account of candidate on regular basis.

(d) The student concerned will **NOT** be allowed to stay in the hostel during the internship period even if the company offers work from home facility or is situated near NIT Jalandhar campus. The Student will give an undertaking that he will not ask for hostel accommodation and he/she will regularly share the information regarding his internship, stipend received with his/her institute guide/IAC coordinator. It will be the responsibility of the candidate to provide evidences with respect to Point no (a), (b), (c) at the time of submitting application.

(e) The departmental IAC will evaluate such applications and will check the necessary documents. The committee, if satisfied, will give a clear recommendation for issuance of NOC to the CTP through their respective Heads of the departments.

(f) The students must obtain the final relieving letter from the CTP Office before joining their internship, irrespective of whether the offer has been made through on-campus or off-campus recruitment.

3.6. RULES FOR FULL SEMESTER INTERNSHIP IN ONE'S OWN START-UP

3.6.1. Students interested in undertaking full semester internship in their own start-ups will be allowed to do so subject to fulfillment of following Eligibility Criteria conditions.

(a) **Business Registration:** The student's start-up must be registered as a Partnership Firm, or Private Limited Company, or Limited Liability Partnership during their 3rd or final year of study.

(b) **Tax Registration:** The registered company must possess a valid PAN and GST.

(c) **Startup India Recognition:** Students are required to provide the Startup India Recognition certificate for their start-up.

(d) **MSME Registration:** The start-up should also be registered under the MSME category.

(e) **Bank Account:** The registered company must maintain a current bank account in the name of the company.

(f) **Exclusivity:** Students participating in the entrepreneurship internship program will not be allowed to appear for on-campus internships or placements during the internship period.

(g) **Application Procedure:** Interested students will submit their internship proposals along with the necessary documents to the concerned department for review. The departmental DUGC/IAC will evaluate the proposals based on the eligibility criteria and recommend internships that meet the specified conditions. Concerned Head will approve such cases and send a copy of approvals to the CTP for record while maintaining the original records in the department.

(h) For attendance during the full semester internship in own start-up, the students shall have to submit a self- declaration:

- The internships have to be completed at least one week before the deadline of submitting the grades as mentioned in the academic calendar.
- All such students who wish to undertake a full semester internship or those who are selected for such an internship will have to give an undertaking that such internship will not affect their academic output.

3.7. EVALUATION FOR 4-6 MONTHS INTERNSHIP:

3.7.1. **Evaluation Process:** As per the academic regulation, the minimum internship duration requirement is 4-months. The final internship grade will be awarded on the basis of a weighted evaluation comprising three components in Annexure 5: Industry Guide Assessment (Proforma-5), Institute Mentor/supervisor Assessment (Proforma-6), and Internship Advisory Committee (IAC) Evaluation (Proforma-7).

3.7.2. The students pursuing 6-months Internship during their 7th /8th semester will have to fulfill the following credit requirements in order to complete the requirements of their B.Tech. programme.

VII Semester	VIII Semester
Students pursuing Internship	**Students pursuing Internship**
Internship credits - 13 4-to-6 weeks Industrial Training (After 6th Sem.)- 3	Internship credits - 13
Total Credits = 16	**Total Credits = 13**
Remaining Students on campus	**Remaining Students on campus**
03 courses= 09 credits 4-to-6 weeks Industrial Training (After 6th Sem.)- 3 Project-2^1 - 4	03 courses= 09 credits Project-2^2 – 4
Total Credit = 16	**Total Credit = 13**

3.7.3. For students pursuing internship in eighth semester the course structure is – Theory core of 3 credits, Internship of 12 credits, and Project of 4 credits.

3.8. INTERNSHIP GUIDELINES FOR THE M.TECH STUDENTS

3.8.1. The institute promotes industrial internships at M.Tech level. The students may opt for project internships (Semester/Year-long) at Industries, CFTIs (IIT/NIT/IIIT)/ Foreign Universities, CSIR Labs, R&D Labs, Public sector undertakings, Government, Social Internships (NGO) or with any other reputed organisation.

3.8.2. Students who have successfully completed their first-year coursework without any backlogs are eligible to apply for internship for a Semester/Year-long duration.

3.8.3. Students should take approval from the respective Head of Department and get his application forwarded to CTP. The CTP issue the **NOC** to student after apply through portal as per Proforma 1. Before proceeding for the internship in any company/organization, the candidate should obtain the **Reliving Letter** through Placement portal.

3.8.4. The students should avoid making this request at the last minute, as this may lead to losing the opportunity to sit for internship process.

3.8.5. The student can apply for the internship on their own also. However, the permission to allow students for such internship will be considered with due recommendation of the department, after evaluating the industry/organisation profile and internship terms by IAC and **issuance of NOC routed through CTP**.

3.8.6. NIT Jalandhar believes in providing maximum internship opportunities to all its students and follows a "**One-Student-One-Job-Offer**" policy as per clause 2, placement policy. All other terms and conditions applicable to job offers, as specified in Clause 2, placement policy shall also be applicable to M.Tech students.

3.8.7. Semester/long internship offers are a part of the 'Placement offers' and the student will be governed by the placement policy w.r.t his eligibility for further placement process and disciplinary rules.

3.8.8. A student is expected to ensure his/her availability for participation in the placement process before applying particularly in those cases where the company conducts the placement drive in physical mode either in campus or in company office. Inability to participate at a later stage will result in suitable disciplinary action.

3.8.9. Project/dissertation work is to be completed during the internship period. In addition, the student will have to meet other academic requirements as laid down by his/her department.

3.8.10. Students will submit internship report after completion of internship to concerned supervisor of the department/centre. Internship certificate is to be obtained from the industry/organisation.

3.8.11. **Project Evaluation procedure:**

(a) All the departments will allocate M.Tech Supervisors by the start of 2nd Semester as per the institute guidelines.

(b) The Industrial/organisational project work done during six months/one-year internship program is equivalent to their M.Tech. one semester/two semester thesis work respectively. M.Tech Project/Dissertation work corresponding to that duration is to be completed during the internship period.

(c) The industry/organisation will allot a suitable guide to the candidate and he/she would be the external supervisor of the dissertation work to be carried out by the student.

(d) The external supervisor will send monthly attendance and progress report of the student to NIT Jalandhar and the internal supervisor will be responsible for monitoring the same from time to time.

(e) Student should be physically present at NIT Jalandhar during the Project's Mid Semester and End Semester evaluations and present his/her project progress report whenever required.

(f) If the student feels that the Project/Internship work is not of the desired quality or is not related to their field of interest, he/she should submit an application to the department within one month of joining internship. Further, the student will be allowed to rejoin NIT Jalandhar and his/her stipend will be resumed after due approvals.

(g) The end semester evaluation and final project presentation will be evaluated as per the institute guidelines.

(h) If the Project/Internship work is not found to be of the required quality, the project duration will be extended and stipend will be applicable as per institute guidelines.

3.9. GENERAL GUIDELINES TO INDUSTRY/ORGANISATION

3.9.1. The Industry/organisation should allow the Internal supervisor to visit their onsite location for technical interactions w.r.t the project execution atleast once/semester. NIT Jalandhar will be facilitating the visit logistics.

3.9.2. Since internships involve academic credits, the organisation will have to allot a supervisor for each intern, called as external supervisor. The external supervisor is expected to share the progress of the intern on a regular basis with the internal supervisor at NIT Jalandhar. This will help the institute to monitor the progress of the project continuously. Moreover, at the end of each calendar month, the intern should submit monthly progress report to the internal supervisor with the consent of external supervisor.

3.9.3. The Industry/organisation must agree to submission of the dissertation to NIT Jalandhar for the student's M.Tech degree and allow sharing of enough details during the examination, subject to confidentiality and/or trade secret concerns, which would permit for valuation and award of grades to the candidate.

3.9.4. The industry should agree to allow the students to publish the papers in journals or conferences, IP rights created by the candidate in connection with their work will be owned solely by Industry, while giving due credit to the inputs provided by the NIT Jalandhar supervisor, as the case may be.

3.9.5. The publications arising out of the work will be joint publications i.e. student, external supervisor & NIT Jalandhar supervisor will figure as authors in the published documents.

3.9.6. In case of PPO, all companies are expected to inform PPO with CTC always through the CTP.

3.9.7. At the end of the internship, the external supervisor needs to fill an evaluation form for each intern provided by Departmental Internal supervisor through Departmental Faculty Coordinator. The information received through this form will be used in the students grading.

3.10. SUMMER/WINTER INTERNSHIP FOR OTHER INSTITUTES STUDENTS

3.10.1. NIT Jalandhar is committed to offering a high-quality Summer/Winter Internship Program aimed at fostering innovation, research aptitude, and professional growth among bright and motivated graduate and master students from across India, including NITJ itself. The objective is to engage students in cutting-edge research and development projects under the direct mentorship of institute faculty members. This program provides participants with the opportunity to work on contemporary research problems, benefit from expert guidance, and gain hands-on experience using the state-of-the-art laboratories and advanced instrumentation facilities available at the institute.

3.10.2. In addition to research and development, NIT Jalandhar is equally dedicated to equipping students with industry-relevant skills. To this end, the institute, in collaboration with reputed industrial partners, also offers skill-oriented internship programs for graduate and masters. These initiatives are designed to align students' capabilities with the current and emerging demands of the industry, thus enhancing their employability and readiness for real-world challenges.

3.10.3. Eligibility is open to currently enrolled undergraduate or postgraduate students pursuing degrees in science, technology, engineering, mathematics, humanities, or other allied fields from recognized Indian or foreign institutions/universities.

3.10.4. The minimum recommended internship duration is **one month and the maximum is two months**. Applicants must be available full-time on campus during the internship period.

3.10.5. Interested candidates must apply their application through web-portal of summer/winter internship within the stipulated timeline published time to time on institute website.

3.10.6. There is no provision of institute fellowship, travel support or any kind of monitory benefits to selected intern. However, faculty members with funded research projects may provide stipends (fellowship) at their discretion from project funds.

3.10.7. An internship certificate will be awarded only to those interns whose performance is certified by the assigned faculty mentor as Excellent, Good, or Satisfactory. Interns with unsatisfactory performance may not be allowed to continue and/or may not be issued an internship certificate.

3.10.8. Accommodation and mess facilities will be provided in the institute hostels on a nominal paid basis, subject to availability. No additional charges such as water or electricity will be levied on the selected interns.

3.10.9. The fee for the summer internship at Dr. B. R. Ambedkar NIT Jalandhar is **Rs. 5000/- (Non-refundable) for the maximum duration of 2 months**.

3.10.10. Procedure to apply for the Summer Internship:

- Step 1: Applicants shall refer to the list of interested faculty members along with their respective research areas available on the web portal for Summer/Winter Internship mentoring.
- Step 2: Interested candidates shall consult the concerned faculty member whose research area matches their area of interest.
- Step 3: After obtaining initial consent, candidates shall apply through the web portal.
- Step 4: Candidates shall make the required payment and upload the transaction receipt.
- Step 5: Candidates shall upload all required documents as mentioned in the advertisement.
- Step 6: All documents from Steps 3 to 5 shall be merged into a single PDF file and uploaded through the web portal. The PDF file size must not exceed 10 MB.
- Step 7: Upon submission of the application, the CTP, NIT Jalandhar shall forward the application to the concerned faculty member for consent and approval.
- Step 8: Once the concerned faculty member provides consent, the student shall be informed to join and coordinate with the assigned supervisor for further processes. Upon joining the internship, concerned supervisor shall report to the respective department for record maintenance and CTP through the respective HoD, keeping all concerned stakeholders (HoD, AR Accounts, Dean Academic, Internship Cell, and CTP) in loop.
- Step 8: After successful completion of the internship, the supervsior shall issue the internship certificate to the candidate through the respective Head of Department. A copy of the certificate, both in hard copy and soft copy form, must also be submitted to the CTP (Internship office) for record purposes.

3.11. INTERNSHIP/ RESEARCH WORK (MINIMUM 3-MONTHS) FOR OTHER INSTITUTE STUDENTS

3.11.1. NIT Jalandhar invites applications for internships/ research work from UG/PG/PhD students who are currently enrolled in recognized institutes or universities in India or abroad. These students must be officially sponsored by their parent institute to undertake part of their academic requirements at NIT Jalandhar. As part of the internship/research work, they may carry out research work, project work, or thesis-related activities and are permitted to utilize the academic and research facilities available at the institute. To facilitate wider participation, applications are accepted throughout the year.

3.11.2. A student, as described above, can apply to register by apply through web-portal of internship along with all relevant documents as detailed of the application form.

3.11.3. If a student is willing to do research/project/dissertation/thesis work, then she/he will need to select a faculty supervisor at NIT Jalandhar and get his/her recommendation before applying.

3.11.4. The submitted application form is processed by CTP, NIT Jalandhar and is forwarded to concerned HoD, DUGC/DPGC, for recommendation(s). After recommendation/approval, a formal letter of permission to pursue internship at NIT Jalandhar is sent to the concerned student through email by concerned department HoD.

3.11.5. Fee deposit:

(a) The registration fee for undergraduate and postgraduate programmes shall be 50% of the semester fee of the institute (Tuition) fee.

(b) Here, student shall produce the retained copy of academic registration form and deposit the fee.

(c) Sign on a prescribed register maintained by the HoD office to endorse your physical presence.

(d) If a student has been permitted to register for two concurrent semesters as a research intern, he/she needs to repeat the procedure every semester, as detailed mentioned above.

3.11.6. Each student has to get all dues cleared on the prescribed No-Dues form and submit the same in concerned department office.

3.11.7. Concerned supervisor through HoD will award the certificate to the research intern on successful completion of Project work or Dissertation or thesis as research intern at NIT Jalandhar.

3.11.8. Student admitted under research interns will be governed at par by discipline applicable for regular students of NIT Jalandhar.

4. DISCIPLINARY ACTION RULES

4.1. Students are expected to adhere to a proper formal dress code during the recruitment process (both online and offline)/ Interview process (both online and offline) and are expected to report well in time during these processes. A student found guilty of not observing these norms will be liable to disciplinary actions. The quantum of punishment will depend on the severity of the case.

4.2. Students must attend the presentations/tests of the companies they apply for. In case of absenteeism due to valid reasons, the students must submit a leave application stating the valid reason signed by the appropriate authority. Failing to do so may incur a fine on the student and reduction in application. Repeated violations may also in debarring or deregistering from the whole placement process.

4.3. Students are expected to behave with the companies in a courteous manner and should not argue with the recruiters and maintain decorum even under provocation. No discussion with the recruiters regarding selections/selection process should be done.

4.4. If there are any behavioural, problems from the recruiter's side that students face, kindly report the CTP immediately. **DO NOT** take any action from your end. If there are any behavioural problems reported against any student, appropriate disciplinary action shall be initiated.

4.5. Cell phones or any electronic gadget without permission of CTP authorities are **STRICTLY PRHOBITED** in a test or any shortlisting/selection process. The process holds the same sanctity as any of the NITJ minor/major exams and the candidate shall be debarred from further placement process if found violating it.

4.6. Impersonation in tests or any kind of malpractice is a serious offence. Seating in tests in physical/offline mode shall be pre-defined by CTP, any violation shall be considered as malpractice and the students is liable to be debarring him/her from the recruitment process of two or more companies or deregistered immediately and also shall be referred to the concerned authorities for disciplinary action.

4.7. Posting grievances on social media platforms without resolving the issue with CTP, NIT Jalandhar shall not be entertained. Any post that may slander the institution or an individual on the campus shall be strictly dealt with as per the legal defamation policy of the institute.

4.8. Any form of misbehaviours or disrespect towards Placement Coordinators (PR's) or CTP Volunteers will result in immediate and stringent disciplinary actions.

4.9. Students who qualify for a test or round during the placement hiring process for a company must fulfil obligation to appear for the next test or round for the respective company as scheduled. Failure to do so without valid reason will result in being declared as a placement defaulter. If a student does inform CTP with a genuine reason approved by competent authority, the CTP, NIT Jalandhar will take the appropriate action against the same.

4.10. A student reporting late for any of the placement activities is liable for suitable disciplinary actions.

4.11. In case of online interviews, students are advised to login and be online at least 15 min before specified time.

4.12. No Stipend cum teaching assistantships (UG/PG) shall be paid by the institute during the period of internship or collaborative projects at other organization. Receiving stipend or any other type of payment from more than one source is not permissible and is liable for suitable legal action.

4.13. A student selected for an internship through the campus recruitment process is not permitted to pursue an off-campus internship in lieu of the offered opportunity.

4.14. If a student, after being selected for an internship by a company, withdraws midway or discontinue the remaining tenure, due to some unforeseen reason, he shall not be permitted to switch to another company/organization/industry without approval of CTP. If such discontinuation is beyond the control of student, student must inform to CTP and then he/she will be given the option to complete the remaining internship tenure in-house with the approval of CTP on recommendation of respective HoD.

4.15. During the selection process of any company on campus, students are strictly prohibited from making direct contact with the company or its representatives to influence selection outcomes. Any student found involved in such conduct will be debarred from participating in the selection process of the next two or more companies.

4.16. CTP will not be responsible for the resolving the issues faced during internship for the companies selected by the students themselves (off-campus), so the students are advised to carefully evaluate the credential of the company and term of conditions of internship carefully before accepting any offer.

4.17. If a student is found involved in any form of misconduct or disciplinary violation during the internship,

he/she will be subject to strict action, which may include immediate termination of the internship and the award of a 'W' grade in the internship course.

4.18. The institute reserves the right to modify, remove, or introduce new guidelines related to internship policies at any time, as deemed necessary by the competent authority.

4.19. For all matters covered by the above regulations, the competent authority, CTP office will use its discretion to take appropriate decisions. The decisions taken thereafter shall be binding on all students.

4.20. **Resolution:**

(a) The Director is the final authority, and in case of any dispute or grievance, the director's decision will be final.

(b) Some policy changes may be implemented during the year in the interest of the students appearing for placements. This will be discussed in placement committee meeting and the director.

5. EXPECTATION FROM STUDENTS

5.1. Students are expected to follow the deadlines.

5.2. Students are responsible for their attendance during any CTP related activity.

5.3. Students should apply to the internship only if they are interested in it and join it, if offered.

5.4. Students are expected to do thorough analysis before applying for any opportunity and should have a clear understanding of how such an opportunity will help them in the future.

5.5. Keep checking emails and follow the CTP portal regularly.

5.6. Do not forget to bring an institute ID card, Govt. ID proof and few copies of resume at the time of recruitment process.

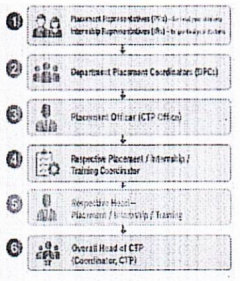

5.7. Be ready with all certificates (in original and duplicate) for the curricular and extracurricular activities as mentioned in CV.

5.8. Requests for providing printouts and photocopies from CTP office will not be entertained as they cause disruption to regular activity.

5.9. Students must wear business formals during the entire recruitment process. Students should come in proper attire, shaved face, combed hair, etc.

5.10. The role of CTP, NIT Jalandhar is to facilitate job offer related activity and does not guarantee a job. Applying for a company or joining a company is entirely the responsibility /decision of the students concerned.
